29th Annual General Meeting (AGM) & Conference

AI as a Trusted Partner: Strengthening Supply Chain Compliance & Performance

June 27th 2026(Saturday) 09:00 - 14:30

Join us for this conference focusing on the role of AI as a vital partner in today's complex supply chain landscape. We are honoured to have Mrs. Vicki Kwok, Director of Government Logistics, delivering a speech on supply chain compliance, followed by a presentation on Port Community System (PCS). The conference includes two informative sessions, the first comprises 3 presentations on enhancing compliance in supplier management and sustainable procurement through AI applications. This will be followed by an engaging panel discussion where panelists share their insights on AI-driven strategies that enhance compliance, resilience, and competitiveness in supply chain.

Speakers' Profile

Mr Carus Lu is the Managing Consultant at BusinessPlus, the e-Procurement, Payment, Cashflow, and Workflow division of FlexSystem. Based in Hong Kong, he has built his career around helping organisations digitise corporate processes, strengthen financial control, and improve workforce productivity through practical enterprise software solutions.

At FlexSystem, Carus has played a leading role in product development and market deployment for BusinessPlus, including solutions for e-Procurement, Expense, Project, Budgeting, AP Automation, and AI-enabled operation workflows.

Previously, Carus served as Director of Sales and Marketing at FlexSystem for nearly 18 years, giving him deep experience in both product strategy and commercial execution. He is recognised for combining market understanding with hands-on software delivery to advance digital transformation in Hong Kong.

Ms Cissy Hon is Head of Business Information at Coface Hong Kong, leading data-driven risk intelligence solutions for corporates, banks and trade partners. She holds a Bachelor's degree in Information Systems from San Francisco State University and an MBA from The Hong Kong University of Science and Technology (HKUST).

Prior to joining Coface, Cissy was a trade finance banking professional, having worked with Citibank, BNP Paribas and ABN AMRO, where she supported SMEs and multinational clients in credit assessment, structured trade finance and cross-border risk management. She is a frequent speaker on trade risk and data-enabled decision-making.

As the CEO of FlexSystem Group, **Mr David Mak** is an accomplished executive with extensive leadership experience across computer hardware, software development, ISP services, e-learning, consumer electronics, and IoT solutions. He has held senior roles—including Managing Director, President, VP, and COO—at major publicly listed companies in Hong Kong such as VTech, IDT, Computime, and LeungCheong.

With a Master of Science in International Marketing from the University of Strathclyde, Glasgow, David is a Member of the Chartered Institute of Marketing (MCIM) and a Fellow of the Hong Kong Institute of Directors (FHKIoD).

Today, he leads ERP innovation at FlexSystem, where his deep experience in operations enables the application of AI to transform financial processes, procurement, and related supply chain functions. By integrating automation and intelligent systems, he continues to drive operational excellence, enhancing productivity, resilience, and efficiency across manufacturing and enterprise operations.

Mr Eric Chau, is an Enterprise Partner Success Manager in Amazon Web Services (AWS). He is an accomplished Information Technology professional with over 15 years of experience in digital transformation, consultancy, and business development. He holds a Sustainable Investing Certificate from the CFA Institute and a Global ESG Investing Certificate from HKMA Global.

Currently serving as an Enterprise Partner Success Manager at Amazon Web Services (AWS), Eric excels in bridging business and IT strategies, leveraging his expertise in cloud services, data analytics, and AI/ML. Eric has successfully supported Digital Platform projects for smart building digitalization, utilising AWS's renowned AI and cloud technology services.

His strong analytical skills and ability to translate enterprise requirements into service-oriented business models have positioned him as a trusted advisor among vendors, partners and clients. His dedication to guiding clients in adopting new technologies sets him apart as a thought leader in the industry.

Mr Nelson Chow is a leading business transformation expert in Asia, serving as President of ISM-HK and Partner at Argon & Co. With over 25 years of experience, his expertise spans operational excellence, supply chain, risk management, sustainability, and digital transformation.

He has served 50+ clients and managed 100+ strategic projects across diverse sectors globally. As a Professor of Practice at PolyU and Chair of Postgraduate Program Advisory Committee at Hang Seng University, he is dedicated to nurturing future business talent.

A sought-after speaker at major international forums, Nelson was ranked the #1 LinkedIn creator in “business strategy & motivation” in Hong Kong in 2025 and 2026. He is also a founding member of the “Purpose Club.”

Mr Oscar Lee is General Manager of General Procurement and Administration at the West Kowloon Cultural District Authority (WKCD), where he has led strategic procurement and operational excellence initiatives since 2018. In this role, he drives value from the Authority's procurement portfolio, strengthens supplier partnerships, and enhances governance and efficiency across business functions. He has also supported the delivery and opening of landmark cultural facilities, including M+ Museum and the Hong Kong Palace Museum.

With over two decades of experience in supply chain management, strategic sourcing, and indirect procurement, Oscar has held senior roles across multinational organizations in retail, logistics, consulting, and banking. He brings a cross-industry perspective on procurement transformation, risk management, and value creation.

Oscar has an MBA from Imperial College Business School and is a passionate advocate for advancing the procurement profession. As Chairperson of the Chartered Institute of Procurement & Supply (CIPS) Hong Kong Branch, he promotes professional standards, talent development, and industry collaboration in the local and regional procurement community.
